

ESA Academy scholarship

The ESA Education Office is pleased to sponsor up to 5 PhD students to attend ESA's 2025 Big Data Foundations for Earth Observation course in the frame of the ESA Academy Short Course Scholarship programme. The scholarship will cover up to EUR 550 towards travel and accommodation expenses, which will be reimbursed via a single bank transfer after the course and will be paid upon submission of receipts.

To be eligible for an ESA Academy Short Course Scholarship, students must fulfil the following criteria at the time of application:

- be minimum 18 years old at the time of the short course;
- be a citizen of an ESA Member State, Canada, Latvia, Lithuania or Slovakia;
- be enrolled as a PhD student (not graduating before the short course);
- not be able to attend the course through their academic programme;
- not benefit from an overlapping financial support to attend this short course, unless duly justified;
- agree with the conditions of the [ESA Academy's Privacy Policy](#)

Priority will be given to students who have less than 2 years of professional experience and have never taken part in an activity sponsored by the ESA Education Office.

Click [HERE](#) to fill-in the application form.

The deadline for applications is on the **15th July 2025** at 23:59 CEST.

The decision by the Selection Committee will be communicated by the **31st July 2025**.

ESA is committed to achieving diversity and creating an inclusive environment. To this end, applications from all eligible candidates irrespective of gender, sexual orientation, ethnicity, beliefs, age, disability, social origin, or other characteristics are welcome.
